## Don't Play Politics with Your Portfolio

Like many Americans, you may wonder how election outcomes could affect the financial markets. You may also wonder whether you should make any changes to your strategy based on election results. Although changes in government policies can have a sizable impact on investment returns, they're much harder to predict than you might think, and the consequences of policy changes are sometimes not as expected. As a result, we think it's better to follow time-tested investment principles and avoid letting politics influence your long-term strategy.

You may be surprised to learn that the stock market has increased under every political combination in Washington, providing an annual average return of 10% per year. And the economy has grown regardless of who controlled the White House and Congress.\*

There's almost always uncertainty about the short-term outlook. Campaign tactics deliberately raise many questions with few easy answers. If you're feeling uncomfortable, remember this: The mix of investments you own makes more difference to your long-term "victory" or "defeat" as an investor than any election results. By maintaining an investment mix tailored to your situation, we think you'll find it easier to look past short-term political and market uncertainties.

The success, growth and resiliency of the U.S. don't change with each election. And neither should your investment strategy. We believe there are opportunities for investors who focus beyond the election outcome and "vote" for sound investment principles, such as buying quality investments in a well-diversified portfolio and holding them for the long term.

The President's Special Acknowledgement Award is to recognize members with no "paid" claims during the prior five consecutive program years in the Property/Liability Program. **Re: President's Special Acknowledgement Award – Property/Liability Program**

Dear MR. Rouse:

This letter and enclosed certificate are to formally acknowledge the dedicated efforts of the Corning Healthcare District's Governing Body, management and staff towards proactive risk management and loss prevention training for earning the President's Special Acknowledgement Award! The Award is to recognize members with no "paid" claims during the prior **five consecutive program years** in the Property/Liability Program.

A "paid" claim for the purposes of this recognition represents the first payment on an open claim during the prior program year and excludes property claims. Your agency's efforts have resulted in no "paid" property/liability claims for the prior 5 consecutive program years including 2017-18. This is an outstanding accomplishment that serves as an example for all SDRMA members!

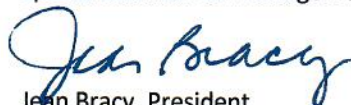

It is through the efforts of members such as Corning Healthcare District that SDRMA has been able to continue providing affordable property/liability coverage to over 505 public agencies throughout California. While 428 members or 85% in the property/liability program had no "paid" claims in program year 2017-18, 261 members or 52% had no paid claims for the prior 5 consecutive years.

In addition to this annual recognition, members with no "paid" claims during 2017-18 earned 2 credit incentive points (CIPs) reducing their annual contribution amount and members with no "paid" claims for the prior 5 consecutive program years earned 3 additional bonus CIPs. Also, members with no "paid" claims for at least 3 consecutive program years may receive a lower "risk factor" which also helps to reduce the annual contribution amount.

Included with this letter and certificate is your press release template so your agency may showcase this important accomplishment.

On behalf of the SDRMA Board of Directors and staff, it is my honor to congratulate your Governing Body, management and staff for your commitment to proactive risk management and loss prevention training.

Sincerely,  
Special District Risk Management Authority

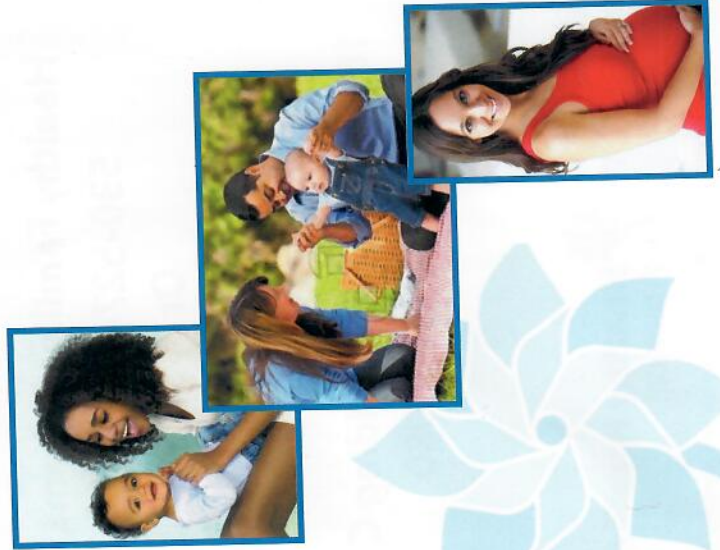

Jean Bracy, President  
Board of Directors
